

TALETIA

Taletia è composta da una sfera poggiata su un anello sorretto da tre aste che si ergono dalla proiezione della sfera sulla base. Questo gioco di equilibri e forme si sviluppa dal suolo per raggiungere l'altezza di ascolto ideale grazie anche all'assenza di cavi a vista.

Taletia is composed of a sphere resting on a ring supported by three rods that rise from the projection of the sphere on the base. This game of balances and shapes develops from the ground to reach the ideal listening height thanks also to the absence of visible cables.
