Old Panamao / ERIMITI

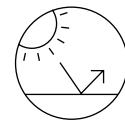

Intreccio materico con fili misti dai diversi titoli ognuno con lavorazioni diverse, intrecciati sapientemente e tessuti in doppio subbio, creano una texture importante a rilievo che ricorda le cime delle barche a vela. Elevatissime prestazioni, lavabile e versatile ottimo per ambieti outdoor e indoor.

Textural weave featuring mixed threads of different counts each with distinct processing, skilfully interwoven and double-weaved to create a striking relief texture reminiscent of yacht rigging. Extremely high-performance, washable and versatile – excellent for both outdoor and indoor environments.

Modalità trattamento tessuti / Fabric treatment mode

Manutenzione / Maintenance

É normale che le poltrone perdano con l'uso un po' del loro volume, nessun problema, basta ricaricare con l'apposito kit di microsfere fornito da Gart.

It's normal that the seats loses a little bit of its volume over time, no problem, you will only have to recharge it with the use of the special microspheres kit provided by Gart.

Cura e pulizia dei tessuti / Upholstery care and cleaning

Uno dei metodi migliori di manutenzione dei tessuti è spazzolare via lo sporco prima che si radichi nel tessuto e asciugare o pulire le macchie non appena si presentano. Un tempestivo intervento sulle macchie facilita la loro rimozione.

One of the best ways to keep fabrics looking good is to brush off dirt before it becomes embedded in the fabrics and wipe up spills or clean soon after a stain occurs. The quicker you clean spills and stains, the easier they can be removed.

Per rimuovere le macchie / To remove stains:

1. Preparare una soluzione composta da ¼ di bicchiere di sapone delicato per ogni 4 litri di acqua.
 2. Spruzzare sull'intera area e lasciare assorbire per 15 minuti.
 3. Pulire l'intera superficie trattata con una spugna, un panno pulito o una spazzola a setole molto morbide.
 4. Risciacquare abbondantemente per rimuovere tutti i residui di sapone.
 5. Lasciare asciugare all'aria.
-
1. Prepare a solution of 1 cup of bleach and ¼ cup mild soap per gallon of water.
 2. Spray on entire area and allow to soak into the fabric for 15 minutes.
 3. Clean entire surface area with a sponge, clean towel or very soft bristle brush.
 4. Rinse thoroughly to remove all soap residue.
 5. Air dry.
