Concentrandosi sui motivi delicati percepiti come trame, Sling consente di ottenere un'estetica da interni di alto livello in un ambiente esterno. A differenza del rigido e scomodo tradizionale tessuto in PVC, lo Sling combina la forza del PVC con la morbidezza del filato acrilico per un maggiore comfort. L'unione delle palette di colore naturale con filati innovativi permettono di ottenere una trama e una ricchezza maggiore.

Focusing on delicate patterns that are seen as textures, Sling allows to achieve a superb aesthetic in an outdoor setting. Unlike the traditional PVC fabric that is stiff and uncomfortable, Sling combines the strenght of the PVC with thr softness of the acrylic yarn for greater comfort. The union of the neutral colour palettes with innovative yarns, guarantee a weave and a major richness.

A large, empty rectangular area with a light gray background, representing the main content space of the page. It is positioned centrally and takes up most of the page's vertical and horizontal space.

A large grid of 100 small, identical images of a Sling Extra Granito Cod. 10 product, arranged in 10 rows and 10 columns. The product is a dark, textured material, possibly a book cover or folder, with a small label in the top right corner that reads "Sling Extra" and "Granito Cod. 10".

A large, textured gray area representing a fabric sample, likely a seppia (cuttlefish) fabric, used for garment construction. The texture is a fine, regular grid or weave pattern. The area is framed by a thin black border.

Heritage by sunbrella

Con un tocco di modernità combinato a uno stile vintage, Heritage è un tessuto ecosostenibile in tessuto con un filato realizzato con il 50% di fibra riciclata e nuova fibra vergine. Le lievi variazioni di colore creano dimensione e un fascino peculiare.

A modern twist on vintage style, Heritage is an environmentally friendly fabric woven with yarn, which is made from up to 50% recycled fibre and fresh virgin fibres. The slight variations of colour create dimension and distinctive charm.

Domino by 

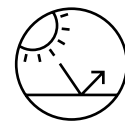

Un tessuto tricolore che si ispira all'eleganza strutturata dell'abbigliamento maschile. La struttura grafica creata a partite da una tessitura di fili spessi e contrastati offre una gamma di colori unici. Da lontano come da vicino, Domino offre una raffinatezza e uno stile senza incertezze.

This three-colour weave is inspired by the elegance of masculine attire. The graphic structure created by a weave with thick, contrasting yarns comes in unique colours. From near and far, Domino brings refinement and a certain style.

Siesta

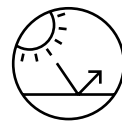

Questo innovativo tessuto per outdoor combina aspetto e coloritura tipici dell'ambito residenziale a performance tecniche assolute. Due distinti filamenti di polipropilene tinto in pasta vengono ritorti in modo da creare le tipiche irregolarità dei filati naturali come il lino, rendendo la superficie del tessuto mélange ed evidenziando una struttura tridimensionale. La sua composizione garantisce altissime prestazioni a tutti i test meccanici oltre grande resistenza alla luce solare rendendolo perfetto sia per ambienti esterni che interni.

This trendy outdoor textile mixes typical high and residential look and color tones with extremely performing technical specifications. Two different solutions dyed polypropylene filaments twisted together recreate the classical irregular slubs of natural materials such as linen and they also contribute to underline the subtle overall mélange effect and the pronounced structure of weave. Fabric content guarantees very high results to all mechanical tests on top of specific light and color fastness resistance, allowing this state of the art product to be used for both luxurious and outdoor use.

Fortezza

Tessuto con alta resistenza agli agenti atmosferici e alla luce solare, garantisce una totale resistenza al fuoco, lavabile in lavatrice senza doverlo stirare. Fortezza si adatta perfettamente sia agli ambienti interni ed esterni, è antistatico e altamente resistente alle muffe e batteri. Le sue caratteristiche termoregolanti rendono il tessuto caldo in presenza di basse temperature e freddo quando fa caldo. Sicurezza per tutta la famiglia in quanto è completamente antiallergico, atossico, antibatterico e riciclabile.

Fabric with high resistance to weathering and to sunlight. Fortezza is a fabric with innovative and unique technical characteristics; it has been developed by intense research on highly technical yarns , matches a refined style with the respect for nature and the environment: this is realized thanks to a process that requires far less energy than all other synthetic yarns, it is non-allergenic, non-toxic, 100% recyclable and flame-retardant. This fabric is perfectly adapts to both indoor and outdoor environments, it is antistatic and highly resistant to mould and bacteria.

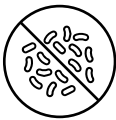

Caratteristiche tecniche / Technical features

Outdoor
/ Outdoor

Resistenza ai raggi UV
/ Resistance to UV rays

Resistenza a muffe e acari
/ Resistance to mould and mites

Resistenza alla lacerazione
/ Tear strenght

Facile manutenzione
/ Easy to clean

Comfort e elasticità
/ Comfort and elasticity

Resistenza al fuoco
/ Fire resistant

Salina

Tessuto per esterni 100% acrilico, resistente ai raggi UV, idrorepellente, antimuffa, antomacchia e traspirante, facile da pulire. Un trattamento protettivo naturale ed ecologico crea una barriera contro i germi, batteri, abrasioni e macchie.

Outdoor fabric 100% acrylic, UV-resistant, water-repellent, mould-proof, stainproof and breathable easy-to-clean. A natural and ecological protective coating that's engineered to create a tough, effective barrier against germs, bacteria, scratches and stain. A defense to inhibit odour and stain causing bacteria.

Elios

Una trama brevettata, una morbidezza unica. La trama brevettata di Elios unisce prestazioni e durata con un filato texturizzato per offrire morbidezza e resistenza uniche. Il tessuto Elios è privo di ftalati, garantendo la sicurezza per la salute e al contempo un’esperienza di estrema morbidezza. La scelta dell’eleganza: una varietà di colori e una trama che ricorda il tweed degli abiti da uomo. Un materiale con un look grafico e senza tempo, che si armonizza con qualsiasi tipo di design. Il tessuto Elios è molto facile da pulire con i prodotti per la casa di tutti i giorni, permettendoti di godere del comfort e della bellezza dei tuoi mobili da esterno in ogni stagione.

A patented weave, a unique softness. Elios’ patented weave combines performance and durability with a textured yarn to offer a softness and unique resistance. Elios is phthalate-free, guaranteeing a healthy experience while ensuring perfect softness. The choice of elegance: a variety of colours and a weave recalling the tweed of men’s suits. A material with a timeless, graphic look, which will harmonize with any type of design. Elios is very easy to clean with everyday household products allowing you to enjoy the comfort and aesthetics of your outdoor furniture in every season.

Glam

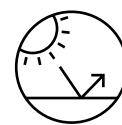

Dall'aspetto naturale e dalla mano morbida, la particolarità di questo innovativo prodotto è l'elegante tessitura ottenuta intrecciando diversi filati, realizzati appositamente per conferire un effetto soft/melange in combinazione ad una particolare tecnica tintoriale. L'intreccio di filati compatti e resistenti conferisce allo stesso tempo struttura, morbidezza e lucentezza.

Natural looking and soft hand, the peculiarity of this innovative product is the elegant texture obtained by weaving different yarns, specifically realized to give a "soft melange" effect, in combination with a special dyeing technique. The weaving of compact and resistant yarns gives structure and softness, shininess with shiny shades, at the same time. Engineered for outdoor living, each fabric is tested and certified to withstand the most hostile conditions.

Modalità trattamento tessuti

Manutenzione

È normale che le poltrone perdano con l'uso un po' del loro volume, nessun problema, basta ricaricare con l'apposito kit di microsfele fornito da Gart.

Cura e pulizia dei tessuti

Uno dei metodi migliori di manutenzione dei tessuti è spazzolare via lo sporco prima che si radichi nel tessuto e asciugare o pulire le macchie non appena si presentano. Un tempestivo intervento sulle macchie facilita la loro rimozione.

Per rimuovere le macchie:

- Preparare una soluzione composta da ¼ di bicchiere di sapone delicato per ogni 4 litri di acqua.
- Spruzzare sull'intera area e lasciare assorbire per 15 minuti.
- Pulire l'intera superficie trattata con una spugna, un panno pulito o una spazzola a setole molto morbide.
- Risciacquare abbondantemente per rimuovere tutti i residui di sapone.
- Lasciare asciugare all'aria.

Fabric treatment mode

Maintenance

It's normal that the seats loses a little bit of its volume over time, no problem, you will only have to recharge it with the use of the special microspheres kit provided by Gart.

Upholstery care and cleaning

One of the best ways to keep fabrics looking good is to brush off dirt before it becomes embedded in the fabrics and wipe up spills or clean soon after a stain occurs. The quicker you clean spills and stains, the easier they can be removed.

To remove stains:

- Prepare a solution of 1 cup of bleach and ¼ cup mild soap per gallon of water.
- Spray on entire area and allow to soak into the fabric for 15 minutes.
- Clean entire surface area with a sponge, clean towel or very soft bristle brush.
- Rinse thoroughly to remove all soap residue.
- Air dry.
